Arkansas defeated Texas Tech 4-2 Tuesday and moved closer to first place Texas A&M in Southwest Conference golf. The Aggies will meet the Arkansas Razorbacks at Fayetteville, Ark., Friday with the top spot at stake. Sammy Brown shot a five-under-par 65 to lead Arkansas past Tech.

Texas saw its championship hopes fade as Texas Christian surprised the Longhorns 3 1/2-2 1/2. Mason Adkins of Texas, 1966 conference individual champion, was upset by Steve Smith of TCU 2 and 1. Ben Hagins of Baylor was medalist with a 72 as the Bears beat Rice 5-1.

The results: Brown, Ark., defeated Jimmy Wilcox, Tech 7 and 6. David McCauley, Ark., defeated Robert McKinney, Tech, 1-

Philippines Have Anti-CIA Bill

MANILA (AP) — The Philippine Senate approved an anti-CIA bill Monday night and sent it to the House of Representatives.

The measure would require agents of foreign governments and political parties to register with the Justice Department.

Slav Who Objected Sentenced

BELGRADE (AP) — Mihajlo Mihajlov, a university lecturer who raised a lonely voice against Yugoslavia's Communist regime, was convicted today of "spreading hostile propaganda" against the country. He was sentenced to 4 1/2 years in prison.

Mihajlov was convicted and sentenced by a judge and two jurors after a two-day trial in the Belgrade District Court. More than 60 persons jammed into the tiny courtroom and others crowded the halls to hear the verdict. It was greeted with total silence.

The short, slight defendant nervously clutched some papers in his hands as Judge Dusan Lukic read the verdict.

Coppolino Accusers Dig Back

By DON NORTH
NAPLES, Fla. (AP) — Dr. Carl Coppolino's accusers have reached back three years before the death of his first wife to events they said would establish a motive for his murdering her. "We say it was murder for financial gain — to collect \$55,000 life insurance on his wife and marry a woman of means," said Prosecutor Frank Schaub Tuesday.

"We must show his financial position and the fact that his earning capacity was impaired when he was not reapointed to the hospital staff."

Coppolino is on trial for first-degree murder in the death of Carmela Coppolino Aug. 28, 1965.

The state says he used his training as an anesthesiologist to inject her with the paralytic drug succinylcholine.

The state's witnesses turned to the question of motive after six days of testimony on the cause of death by two medical sleuths from the New York City medical examiner's office.

Mansion Repair Group Is Selected

LITTLE ROCK (AP) — A three-member Governor's Mansion Committee has been appointed to oversee spending of \$75,000 appropriated by the General Assembly to refurbish the governor's mansion.

Jack Pickens of Little Rock was appointed by Gov. Winthrop Rockefeller; Sen. Dorothy Allen of Brinkley by Sen. Q. Byrum Hurst, president pro tem of the Arkansas Senate; and Rep. Sherman Blake Williams of Little Rock, by House Speaker Sterling Cockrill Jr. of Little Rock.

The mansion has deteriorated in 18 years of neglect, and architect Edwin Cromwell has categorized the needed work into three priorities — deferred maintenance, deferred construction and recommended additions.

Rockefeller has said he was willing to spend his own money in restoring the mansion, and the attorney general's office said Tuesday he would be free to do so. This would be in addition to the appropriated \$75,000.

All of the work categorized by Cromwell would cost an estimated \$320,000, Cromwell said.

Nazi Unveiling Is Boycotted
OSWIECIM, Poland (AP) — U.S. Ambassador John A. Gronouski and British Ambassador Thomas Brimelow boycotted the unveiling Sunday of a monument at the site of the Nazi Auschwitz - Berkenau death camp where four million Jews and other Europeans were murdered.

The British and American embassies refused to explain the boycott. Some officials said privately Gronouski feared that the ceremony would take on an anti-American or anti-West German tone.

Polish Premier Josef Cyrankiewicz, once an Auschwitz inmate, spoke briefly of the Vietnam war at the ceremony.

HELEN HELP US!

by Helen Bettel

PROTESTS "DOUBLE STANDARDS"

Dear Helen: I'm writing to protest your "double standards." Indicated in your reply to "Still Good." You said, "If a teenage GIRL allows intimacies, her reputation slides down from good girl to good make-out."

Don't you know this double standard is the very cause of the sexual revolution in America? It goes along with that outmoded cliché, "Good girls don't."

This is 1967 and narrow-minded standards are being thrown off in favor of new and more modern types of conduct.

It sex, just plain sex, is all right for boys, why not for girls? Or do you believe in immorality for males and virtue for females? Or don't you believe that women have a right to everything men have a right to and why not? It would not have been so upsetting if you advocated morality for boys as well, but your emphasis seemed to be on the teenage GIRL.

Is there any good reason why both boy and girl can't be equally responsible? — MODERN THINKER

Dear M.T.: Trouble with you thinker-types is you are always so SURE people will act the way you think they should logically act. I gather you aren't really in favor of teenage hanky-panky, but you believe the boy must exercise as much restraint as the girl.

I agree: this would be just peachy-keen—but life isn't like that. Males are the conquerors, females the limit-setters. I doubt you moderns can ever eliminate this double standard, and if you do, heaven help the men! When they no longer are the aggressors, they may become slaves—for many women won't stop at "equality."

I never said "just plain sex" is all right for a teenage boy, but so long as his need is greater, and the girl takes most of the risks, he may try, until she says, "No." Call this the double standard. If you wish, but I call it the good ol' battle of the sexes; and the mating game wouldn't be much fun without it.—H

Dear Helen: May I write a note to "Inez" who knocks us working wives?

I'm a full-time lady mailman, with four children and a husband fighting this dirty war in Vietnam. Our home is large but not

luxurious. I work in PTA, have baked numerous dozens of goodies for Scouts, school parties, etc. On my days off I clean, scrub, iron, paint, fix plumbing, take care of the pasture—for we have a horse—and do yard work. I sew all our clothes, and design our own jewelry. I go to school occasionally and lecture on Japan—I came here from there. When I go to bed at night I sometimes can't sleep from aching body and mind, but I still must get up at 3:30 a.m., fix children's lunches, get out of the house by 4:30 for another day of walking 10 to 11 miles packing 30 pounds of mail on my back.

Have you ever thought Servicemen of 18 years' duty scarcely make enough to feed and clothe four growing children? As for key-chain-kids, mine have too much to do to bother the neighbors. They help me mend fences.

LET'S TALK ABOUT MOVIES

By VELDA SEAMANS

Tonite is the last chance at the Saenger to see that super story of Marco Polo — "Marco the Magnificent". It's a real spectacle — those interested in history must see — and it has a great cast — with such really great performers as Anthony Quinn, Orson Welles and Akim Tamiroff.

Thursday — "Bang, Bang You're Dead". Yes, it's for fun, with Tony Randall whose comic timing is always just perfect. Senta Berger is a gorgeous gal — and if you want to just have a good time see this at the Saenger Thursday, Friday and Saturday. A star filled color Western — "Waco" has Howard Keel, Jane Russell, Brian Donlevy, Terry Moore, and many other really good familiar faces to round out a swell program you'll like.

The drive in this week end is bringing back the picture Alex Washburn says is one of the best he has ever seen — "Rasputin the Mad Monk". It was so good when first here, Alex wrote a full editorial about it. Many missed it as it played in the middle of the week — so be sure to see

Dear Helen: Did you ever get a copy of "Parents Watch Out?" If so, I'd like to read it.—G.M. Dear G: I'm still trying to round up a copy of "PARENTS WATCH OUT," but with no success. If anyone has this humorous article about returning Servicemen, I hope you'll share it with me and my readers.—H. Copyright 1967, King Inc.

Communists Open Meet

By THE ASSOCIATED PRESS BERLIN (AP) — The seventh East German Communist party congress opened today in East Berlin with delegations from Red China, Albania and Cuba apparently missing.

Those nations were not mentioned when Politbureau member Hermann Axen read a list of 63 delegations to the congress.

It on the big drive in screen color this Friday, Saturday with Audie Murphy in "Arizona Raiders."

Starting Sunday the Dixie brings back for a final showing "The 10 Commandments". This Cecil B. DeMille spectacle will never be on TV. It will be re-released to theatres every 5 to 8 years for a new generation to see — like "Gone with the Wind" has been. This will be the final chance to see "The 10 Commandments" for many years — it will play Sunday, Monday and Tuesday nights at the Dixie Drive In.

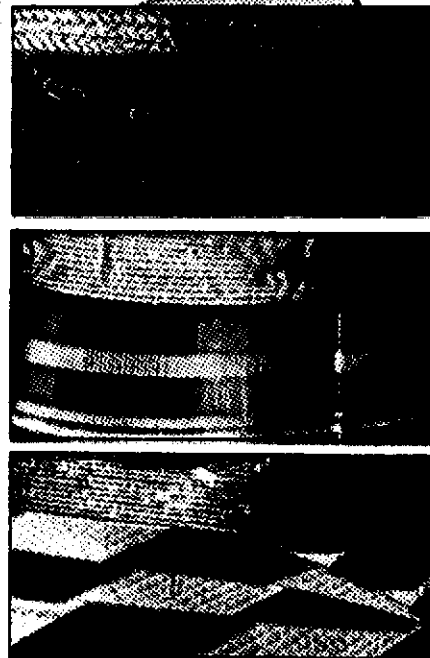

Sunday (Saturday late show) the Saenger presents what I personally think is one of the most exciting pictures we have ever played. It's the "Professionals" with Burt Lancaster, Lee Marvin (Cat Ballou) and many more. It's the suspenseful story of four soldiers of fortune setting out from the Mexican border to get back a beautiful girl, kidnapped by a "Pancho Villa type gang". Honest, this is a great one — but try to get in and see it from the start — but see it for sure!!

Sox Hurler Gives Only Three Hits

By ED SCHUYLER JR.
Associated Press Sports Writer
Bruce Howard is pitching backwards in an effort to move forward.

And the Chicago White Sox right-hander took a step in that direction Tuesday, shutting out Boston on three hits through eight innings and beating them 5-2.

"Formerly, I would say I was a breaking ball pitcher using an occasional fast ball," Howard said. "From now on, it's going to be the reverse."

The 24-year-old, who was 9-8 in 1965 — his first full season with the White Sox — and 9-5 last year, said he threw his fast ball three fourths of the time Tuesday.

"I used to open up with a curve ball against almost every hitter," he said. "That's my out pitch, you know. But I threw only five or six of them as the first pitch this time. And when I kept my fast ball low, they couldn't hit it."

Elsewhere in the American League, Detroit beat California 4-1 and the Washington at New York game was rained out. No night games were scheduled.

In the National League, St. Louis beat San Francisco 2-1 in an 11 innings day game; and at night, the Chicago Cubs trounced Philadelphia 8-4.

Atlanta edged Houston 3-2 and Los Angeles whipped Cincinnati 7-2. The night game between the New York Mets and Pirates at Pittsburgh was rained out.

The White Sox scored once in the first inning on a wild pitch by Darrell Brandon and wrapped it up with three runs in the sixth, two of them on an error by third baseman Joe Foy.

Al Kaline's homer into the teeth of a strong wind in the sixth inning broke a 1-1 tie and started the Tigers to their victory at Detroit.

Jimmie Hall put California ahead 1-1 with a homer in the second, but the Tigers came back to tie in the bottom of the inning when Dick McAuliffe's sacrifice fly scored Bill Freehan who had doubled.

Earl Wilson went the distance for Detroit and evened his record at 1-1.

Clay Has Run Almost Out of Courts

WASHINGTON (AP) — Cassius Clay, unbeaten in the ring as the world heavyweight boxing champion but almost down and out in the courts, makes another appeal today to the U.S. Supreme Court in an attempt to prevent his induction into the Army in Houston April 28.

Clay's attorney, Hayden C. Covington of New York, said he would ask the nation's highest court to reverse its decision of Monday in which it denied the 25-year-old champion's request for an injunction to stop the induction.

Covington said he would file three separate briefs and if they all are turned down.

Dodgers May Have Found the Formula

Associated Press Sports
Los Angeles finally has come up with a winning formula: Start off with Sandy Koufax pitching and take a long seventh-inning stretch.

But don't bet on the same combination clicking again — not in balmy California, anyway.

The Dodgers whipped Cincinnati 7-2 in their home opener Tuesday night — scoring four wrap ups after a 78-minute rain delay in the seventh inning — and braked a four-game get-away skid.

Koufax? The great left-hander, who has shifted from the mound to the broadcast booth, was on hand to throw out the first ball during pre-game ceremonies.

Claude Osteen, the Dodgers' current southpaw ace, then took over and carried a 3-2 edge into the seventh. With two out and two Dodgers on base in the bottom of the inning, the rains poured down and time was called.

The Dodgers waited patiently — they had never lost an inning to the elements in 734 home games since moving from Brooklyn to Los Angeles nine years ago. When play finally was resumed, John Roseboro, Bob Bailey and Gene Michael drew successive walks, forcing in two runs, and Jim Hickman, pinch hitting for Osteen, delivered two more with a single.

While the Dodgers broke into the victory column, St. Louis' unbeaten Cardinals posted their fifth victory, edging San Francisco 2-1 on an unearned run in the 11th inning.

Orlando Cepeda singled the winner across after a two-base error by center fielder Ken Henderson, who was filling in for injured Willie Mays, opened the gate. The loss was the Giants' sixth in seven games.

Elsewhere, the Chicago Cubs downed Philadelphia 8-4 and Atlanta nipped Houston 3-2. The New York Mets' night game at Pittsburgh was rained out.

Detroit trimmed California 4-1 and Chicago topped Boston 5-2 in American League play.

Marathon Is Started in Boston

Associated Press Sports
BOSTON (AP) — Doctors, educators, clergymen, police officers and even a state legislator joined farmers, mill hands, bricklayers and business executives on the starting line today for the 71st Boston A.A. Marathon.

Virtually every profession from the white collar ranks to the laborer was represented in a record field for the 26-mile, 385-yard Hopkinton-to-Boston Patriot's Day test on the 192d anniversary of Paul Revere's famous ride.

With 735 entries, 195 more than last year, race officials expected nearly 700 starters for the classic often called "the last stronghold of unadulterated amateurism."

The field representing eight nations compared with 15 starters who ran for a medal and a bowl of beef stew in the first BAA Marathon in 1897.

Awaiting the winner at the finish line was the traditional laurel wreath and a diamond-studded gold sunburst medal — along with a bowl of the traditional beef stew. The next nine finishers receive trophies, with bronze medals awarded for 11th to 35th places.

Japanese runners were favored to capture the top awards for a third straight year. Japan finished 1-2-3-5-6 as Morio Shigematsu set a course record of 2 hours, 16 minutes, 33 seconds in 1965.

Benvenuti Is a Hero in Italy

NEW YORK (AP) — Nino Benvenuti, hailed as a conquering hero in Italy, leaves for home today with the world middleweight crown and a lucrative contract for a return bout in New York July 13 with de-throned Emile Griffith.

The handsome, 28-year-old Italian earned about \$30,000 for his sensational upset of the 13-5 favored Griffith at the Garden Monday night. For the return fight, the boxer-businessman from Trieste figures to collect upwards of \$100,000.

In the Monday fight, Nino received 15 per cent of the \$141,799 paid by 14,251 at the box office and the same percentage of the ancillaries. Griffith's 45 per cent earned him about \$90,000, \$10,000 more than his minimum guarantee.

For the return, which will be held either in the 18,000-seat Garden or outdoor Shea Stadium, which can hold 60,000 or more for a fight, Benvenuti will collect 40 per cent and Griffith 20 per cent.

Coaches Under Fire Honored in Illinois

URBANA, Ill. (AP) — Three Illinois coaches fired for their parts in a \$21,000 slush fund scandal were honored by the university Tuesday night and showered with gifts.

All three, Football Coach Pete Elliott, Basketball Coach Harry Combes, and his assistant, Howie Braun, received diamond wristwatches, star sapphire rings and portable television sets.

Elliott expressed his thanks to the 450 persons present and pointed out that the Big Ten Conference had to choose — making an example of the coaches or showing some human feeling toward people.

He commented, "I would rather be wrong helping people than right hurting them."

Tryouts Set for Little League Play

Tryouts for Little League and Doctor's League players will be held at Legion Field Thursday and Friday, April 20th and 21st.

Tryouts for 8, 9 and 10 year olds will be held Thursday night beginning at 6:30, with 11 and 12 year old tryouts scheduled for Friday night at 6:30.

All boys that are not already on a regular Little League team must attend the tryouts. This includes all boys that played on Doctor's League teams last year or that plan to play this year.

Boys 8 years of age will not be eligible for a Little League team, but must try out for the Doctor's League. These younger players will not be forced to participate as competitively as the 9 to 12 year olds. A boy must be 8 by August 1st in order to be eligible for the tryouts.

Under National Little League rules, players younger than 8 will not be allowed to participate in the minor or Doctor's League. Plans at the present are to attempt to organize a Pee Wee League for 5, 6 and 7 year olds. These youngsters would be taught the fundamentals of the game and compete in low organized games between themselves. Fathers with boys in this age group that would like to help with a Pee Wee team are asked to contact Charles Gough or Wayne Johnson. If 4 teams can be organized for these little fellows, they would play 2 games on 1 night per week.

Players are asked to please try-out on the night corresponding to your age group and remember to report to Legion Park, not K-Park. All Little and Doctor's League managers are urged to be present for the tryouts.

Regular League play will begin on May 23rd for Little League and approximately 1 week later for the Doctor's League.

Boys that want to play Little League must attend at least one tryout session in order to be eligible to play this summer. If a player is ill or must miss tryouts for any reason, some League official should be notified on Thursday or Friday night.

THE NAME GAME puzzled manufacturers of the Cincinnati Reds' uniforms. They even misspelled the manager's name. It's B-r-i-s-t-o-l, Dave Bristol. Dave says by October everyone will know how to spell his name—and Cincinnati's.

Arkansas' DiFabio Beats Albuquerque

LITTLE ROCK (AP) — Joe DiFabio checked Albuquerque on four hits Tuesday night while his Arkansas teammates backed him with a 13-hit salvo in a 21-1 Texas League baseball victory over the Travelers.

It was DiFabio's first victory in two years in the Texas League and marked the Trav's third triumph in five games this season.

DiFabio was touched for a run in the fourth when Angel Alcaraz doubled to drive in Fred Moulder who had singled. DiFabio fanned seven and walked none.

Undeated Amarillo won its fifth game of the young season and Dallas-Fort Worth finally notched a victory after four defeats.

Amarillo opened with four runs in the first inning and completed its scoring in the third frame in a 6-5 triumph over El Paso. Dallas-Fort Worth scored an unearned run in the 11th inning for a 4-3 decision over Austin.

Barry's 55 Points Win for Warriors

By JACK STEVENSON
Associated Press Sports Writer
SAN FRANCISCO (AP) — "We hope to even it up on Thursday night," declared San Francisco Warrior ace Rick Barry who pumped in 55 points to bring his club a 130-124 triumph over Philadelphia's 76ers.

The home court triumph at the Cow Palace on Tuesday night left Philadelphia leading 2-1 in the final playoff for the National Basketball Association championship.

Barry, Nate Thurmond, Jimmy King and Little Al Attles were instrumental in keeping the Warriors in contention after Coach Alex Hannum's Eastern champs had won the first two games in the best-of-seven series.

"This is one of the best games I've ever played in," Barry said.

Wednesday, April 19, 1967
Nate has played against Will Chamberlain the entire year," declared Warrior Coach Bill Sharman.

The 6-foot 11-inch Thurmond, suffering from a bruised hip suffered Sunday in Philly, scored 17 points and grabbed 25 rebounds to keep the 76ers from continuing their board superiority.

Chamberlain, the 7-1 star who makes San Francisco his home, was far from unnoticed. He led his club's scoring with 26 and had a like number of rebounds but it was a tight all the way.

King proved a major factor with 28 points and 9 rebounds and although statistics don't show it, Attles proved a demon on defense as he kept the big 76er gunners within bounds.

THE DOCTOR'S MAILBAG

Reaction to Tickling Is A Protective Mechanism
By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Can you tickle yourself and make yourself giggle, scream with laughter or cry? Scientists who have studied the matter say you can't. Perhaps you can come close to tickling yourself if you lightly run a feather over the front part of the roof of your mouth but you won't get much of a bang out of it. Most people respond to tickling by squirming and pushing the tickler away. The ability to be tickled varies with your mood.

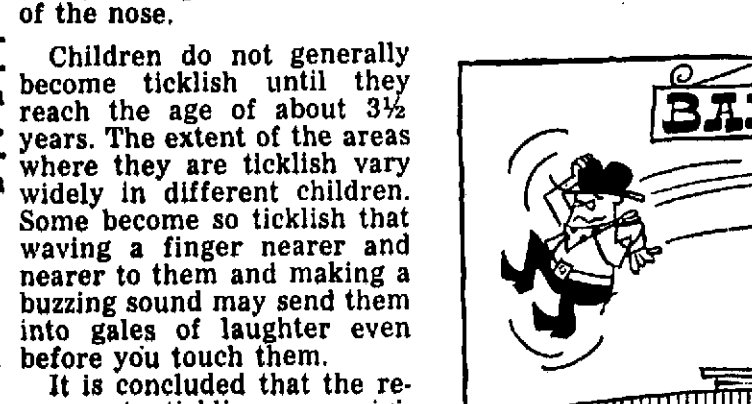

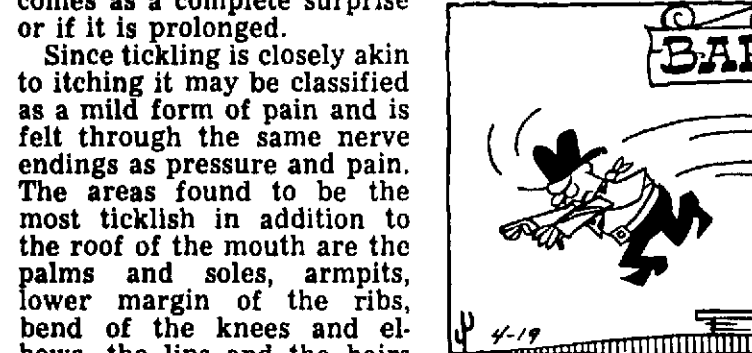

Attempts to tickle a girl who was subject to fits of depression failed when she was sad but, when she was happy, tickling apparently made her more so. This was true, however, only when the tickler was a friend. Ticking by a stranger or a person she didn't like would only bring forth a hostile response. Even when the tickler is a dearly loved friend tickling may evoke fear or anger if it comes as a complete surprise or if it is prolonged.

Since tickling is closely akin to itching it may be classified as a mild form of pain and is felt through the same nerve endings as pressure and pain. The areas found to be the most ticklish in addition to the roof of the mouth are the palms and soles, armpits, lower margin of the ribs, bend of the knees and elbows, the lips and the hairs of the nose.

Children do not generally become ticklish until they reach the age of about 3 1/2 years. The extent of the areas where they are ticklish vary widely in different children. Some become so ticklish that waving a finger nearer and nearer to them and making a buzzing sound may send them into gales of laughter even before you touch them.

It is concluded that the response to tickling was originally a protective mechanism, warning one of the presence of insects or other lightweight invaders.

The double of an artificial bid has a standard meaning. You are showing strength in the suit and asking your partner to lead it. Victor Mollo gives an example of what he calls the "fatuous" double which is a double of a cue bid made for no particular reason except that you have a lot of cards in the suit you are doubling.

The game was rubber bridge. South was a great expert playing with a poor partner. Our great expert was afraid that his partner would pass a three heart call with 60 on score. On the other hand no one ever passes a Blackwood four no-trump. Sure enough, North bid five diamonds to show one ace and East boomed out a double. Our expert went to six

Blondie

South led dummy's nine of hearts and ducked. West was in with the jack and put a second diamond on the table. South won with his king and ran off the rest of the tricks.

South was mighty lucky. Had he bid the hand normally he would have taken a chance and responded three hearts. North would surely have tried three spades whereupon the slam would have been bid in spades where it would have been a cinch.

South was even more lucky to get away with his actual trump play. If West had been alert he might have wondered about that nine spot finesse and noted that since South had dropped the diamond four on the first trick that East had played his lowest diamond. In that case West might well have shifted to the club.

Such Scenes in Hope Are Gone Forever

- Hope Star Photos

The above scenes have disappeared in America today. They show the last big circus to visit Hope. The day was October 31, 1936. The circus was the combined Cole Bros., Clyde Beatty shows, both big outfits that even rivaled Ring-

ling Bros.

Top left shows the five herds of elephants, numbering 30 in all, parading downtown on Second near the old National Bank building. The top right shows them passing the old post office and bottom left shows the animal cage-

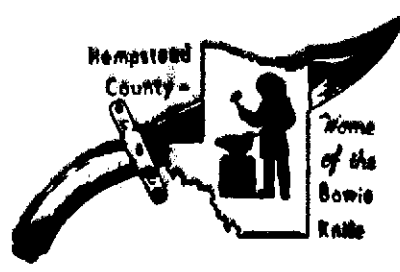

es near the postoffice. Bottom right is the end, as they pass downtown at the corner of Second and Main.

This circus had a menagerie of 812 animals, worked 1080 persons, including 400 performers in 200 acts. The circus located on old Highway 67 west

of Hope and the various tents covered 12 acres. Three trains brought the circus to Hope.

One of the top attractions was the Jumbo giant African elephant, notice the animal is chained to another elephant in the upper right picture.

Answer to The Mountain of Mail

Raising the price of stamps won't cure the perennial problems of the United States Post Office Department. Indeed, its budgeted deficit of \$1.2 billion next year will be enlarged if Congress approves the latest plan from President Johnson. He is asking for a one-cent hike in the cost of each 5-cent stamp, each 8-cent air-mail stamp and each 4-cent stamp for a postcard, starting July 1. This would yield an estimated increase in revenue of \$800 million a year.

In the same breath, Mr. Johnson proposes pay hikes averaging 4.5 per cent, effective next Oct. 1, for all federal civilian workers and members of the Armed Forces. The cost would be more than \$1 billion annually - \$200 million more than the intake from higher postal rates. Two more steps in federal pay scales, in 1968 and 1969, would add about \$2.5 billion a year to the national budget.

These cost increases, as we understand the plan, contemplate few if any additions to the present force of 700,000 postal workers wrestling with 80 billion pieces of mail this year. Extra hands, even if they could be recruited, can hardly be hired fast enough to match the growth of the mail mountain.

The alternative is mechanization - the only hope for moving the swelling volume of mail and rescuing the Post Office from its 23-year-old deficit. The Post Office Department is taking commendable steps toward mechanizing. It will have to move a lot faster just to catch up.

There, too, lies the best chance for cutting back the ever-rising federal payroll and its upward pressure on the cost of living. President Johnson is correct, of course, in saying that the federal government must increase pay rates if it is to compete with business and industry for scarce manpower. That very competition, we submit, is winding up the wage-price spiral. Uncle Sam must follow the example of progressive business in making use of automation.

Only nine years ago, a first-class letter was being delivered for just 3 cents. Doubling that price, as proposed by the President, won't guarantee better mail service. On the contrary, using the extra money to cover less than one-third of a three-installment pay raise for federal payrolls will be one step forward and two backward into the sea of red ink - Miami (Fla.) 4 in College Queen Finales

NEW YORK (AP) — Three coeds from the University of Arkansas and another from Arkansas State University were named Arkansas finalists Tuesday in the 1967 National College Queen contest.

Carole Bunge, 21, of Mountain Home, Carolyn Freyaldenhoven, 20, of Little Rock, and Carol Harris, 20, of Sioux City, Iowa, are the U of A coeds. The ASU finalist is Allison Denman, 20, of Stuttgart.

The Arkansas winner will be chosen from these four by the votes of college students in the state. She will be flown to New York in June to participate in a 10-day pageant.

Macao Plants to Move to Formosa

MACAO (AP) — Two of Macao's biggest fireworks companies plan to move to Formosa because of Communist harassment and fear that the United States may soon ban imports from this Portuguese colony on Red China's border.

A spokesman for one firm said it has purchased a rural site in northern Formosa and the other company expects to follow suit later this month.

Germany's Adenauer Dies at 91

BULLETIN

WASHINGTON (AP) — President Johnson will attend the funeral of former Chancellor Konrad Adenauer of Germany, the White House announced today.

BONN, Germany (AP) — The Christian Democratic Party reported today former West German Chancellor Konrad Adenauer has died. He was 91 years old.

The architect of postwar West Germany died at his three-story home in Rhondorf, a village close to Bonn, after a week's illness with influenza and bronchitis.

His family was at his bedside.

Adenauer was one of the most influential figures of the western world for two decades. He served as chancellor of West Germany from the founding of the Bonn Republic in 1949 until 1963. But he remained active in politics almost to the end as a firm friend of French President Charles de Gaulle.

"Der Alte" - the old man - as Adenauer was known to his countrymen, was still a member of parliament when he died. He was a member and former chairman of the Christian Democratic Party.

All through the cold war, he was one of the West's most uncompromising opponents of Soviet communism. In his last years, however, after he relinquished the chancellorship to Ludwig Erhard, he predicted Red China would be the West's major menace and urged closer relations with Russia.

West Germany lay in the ruins of World War II when Adenauer took power. Its people were disturbed by the rest of the world because of the Nazi past.

During Adenauer's 14 years in office the country rose to unprecedented prosperity and gained acceptance as a friend and ally of the Western powers. It became a bulwark against further westward expansion by Communism.

Sir Winston Churchill called Adenauer "the greatest German statesman since Bismarck." Former President Dwight D. Eisenhower praised him for "dedication to his people and the peace of the world." The late President John F. Kennedy hailed him as "an historic figure."

President De Gaulle held him in high personal esteem and together they worked for reconciliation between their two countries, which had been enemies for centuries.

While Adenauer was chancellor, the Communists fiercely attacked him for his hard line in the cold war. Premier Nikita Khrushchev frequently singled him out as a "warmonger."

Pair on Trial in Death of Son, Age 7

JONESBORO, Ark. (AP) — Ten men and two women jurors were selected Tuesday for the manslaughter trial of Mr. and Mrs. John William Eubanks Jr. after they assembled in the city's all-white South End.

The Eubanks are charged with manslaughter in the March 7 death of their son, 11-year-old Joseph Andrew Eubanks, for parading without a permit. He was released.

The charges state that the on ball. The marchers, most of Eubanks refused and neglected them in the early 20s and clad to provide medical attention in topcoats in the chilly air, sat and care for the child.

Defense Attorney W. B. Howard of Jonesboro asked prospective jurors if they would be "swayed by my clients' belonging to a religious sect that is in the distinct minority."

Craighead County Coroner Bill J. Emerson was the only person to testify Tuesday. He said he was notified by a telephone company operator of an emergency at the Eubanks' apartment.

Emerson testified that when he reached the apartment he found the child on a bed. He said the child was not breathing but began to breathe shortly after he administered first aid and oxygen. The child died later in a Jonesboro hospital.

Kiwanis Speaker

— Henry Haynes Photo with Star Camera

DR. R. BRUCE LOVE

Dr. R. Bruce Love of the Southwest Arkansas Diagnostic and Remedial Service, Magnolia, was the principal speaker Tuesday before Hope Kiwanis club.

Purpose of the service center, Dr. Love explained, is to test and evaluate children with a learning problem in the public schools of five southwest Arkansas counties of which Hempstead county is one. The other counties include Nevada, LaFayette, Ouachita and Columbia.

The service center operates under a federal grant by the United States Department of Education, and once the work is proved in the five counties, the firm is expected to expand to include 13 counties.

If and when the expansion occurs, Dr. Love pointed out, a staff of six persons will be headquartered in Hope. Tom Purvis arranged the program.

North American built the spacecraft in which three astronauts died during launch pad tests at Cape Kennedy, Fla., Jan. 27.

The Phillips report consists of notes made by Gen. Samuel C. Phillips, Apollo program director for NASA, on a study he made at North American's plant in December 1965.

Ryan said Phillips' findings — as indicated in the summary of his report — coincide so closely with the deficiencies found by a review board on the Apollo accident that it is "hard to believe that the deficiencies... did not contribute directly to the accident."

Ryan said "this makes it all the more imperative that a full report be made available."

Ryan asked NASA officials to submit the Phillips report for committee examination.

Subcommittee Chairman Olin A. Teague, D-Tex., told NASA officials during hearings last week that if they decided not to submit Phillips' "personal notes," they might submit a summary.

Surveyor 3, equipped with a television camera and a small digging device, was reported performing beautifully as it coasted toward a soft landing today on the moon.

"Everything's going fine," said a spokesman for the National Aeronautics and Space Administration.

The touchdown on the lunar Sea of Storms was expected at 7:04 p.m., EST.

Scientists at the Jet Propulsion Laboratory reported Tuesday night that the spacecraft was maintaining both attitude and position for a proper landing. They said all systems aboard the three-legged probe were operating smoothly.

About five hours from the expected touchdown, the craft's speed is slated to drop to 2,056 miles per hour as Surveyor comes within the influence of lunar gravity.

At a point 60 miles slant range from the moon, the space traveler will accelerate to about 6,000 miles per hour. Then the firing of its main retrorocket is scheduled to slow it to 250 m.p.h. for the crucial landing phase.

More Money for River Work

WASHINGTON (AP) — The Senate Monday received a bill from the House which would increase by \$450 million the monetary authorizations for 13 river basin projects. The House has passed the bill.

Increases provided by the bill for 13 river basins include: Arkansas River, \$170 million; Missouri River, \$20 million; Ouachita River in Arkansas and Louisiana, \$8 million; Upper Mississippi River, \$4 million; and White River in Arkansas, \$2 million.

Lawmakers Charge NASA Hiding Facts

By JACK MILLER
WASHINGTON (AP) — A congressman probing the Apollo fire charged today the spacecraft's contractor didn't correct problems cited in a report he says space officials are suppressing.

"Why are they hiding it?" asked Rep. William F. Ryan, D-N.Y., member of a subcommittee that keeps watch on the National Aeronautics and Space Administration. "NASA should not try to keep the full facts from the American people."

Ryan said a summary of the so-called Phillips report "found insufficient competence in key management and technical positions" at North American Aviation, Inc., 16 months before the tragic fire.

Ryan said in the interview that "on the basis of the summary of the Phillips report and the findings of the Apollo review board, in my opinion it is apparent that North American never did correct the problems that were identified by Gen. Phillips."

North American built the spacecraft in which three astronauts died during launch pad tests at Cape Kennedy, Fla., Jan. 27.

Dropout Cost of \$657 Each Slashed Some in Costly Poverty War

By TOM SEPPY
WASHINGTON (AP) — Anti-poverty officials apparently are succeeding in cutting the high — and costly — dropout rate of youngsters during their first 30 days in Job Corps urban centers.

One official said if high loss rates had continued, the federal government would waste \$5.25 million during the next fiscal year at \$657 per dropout.

During the first 30 days — when many youngsters are away from home for the first time — the dropout rate is at its highest.

The Office of Economic Opportunity, which runs the Job Corps, has reduced the dropout rate from 22 per cent at the nine men's urban centers during the six months ending Dec. 31 to somewhere near 14 per cent for the three months ending March 31.

The centers received 8,840 young men during January, February and March; 1,237 of them left during the first 30 days.

During the previous six months, 8,748 entered the centers and 1,847 left during the first month.

Chester R. Lane, associate director for Job Corps' men's centers, wrote all center directors Feb. 13 asking them to develop plans to lower the dropout rate.

"Corpsmen who leave Job Corps in the first days are a loss that works to our keen disadvantage — not to mention that these boys need our help, Lane wrote.

"In fiscal year 1968 at our present rate, 7,954 such young men would revolve through the Job Corps turnstile. Each would cost us an estimated \$657 for a total 'waste' of \$5.25 million," the letter continued.

He established a goal of a 9 per cent loss rate by June 30.

In response, directors attempted to strengthen their orientation program, a period when most youngsters have little to whet their interests because of testing.

At many centers, more films were introduced into the program, a spokesman said.

800 to Attend FFA Meeting

Steel Plant Bombed in N. Vietnam

By GEORGE MCARTHUR
SAIGON (AP) — American pilots took advantage of a break in the weather Tuesday afternoon to give North Vietnam its second worst bombing this year and to attack the showpiece Thai Nguyen steel plant for the 10th time.

The American airmen hit the north with 145 missions. The sudden upsurge indicated that the high command is ready to step up the war in the north immediately when any break in the monsoon weather permits.

American fliers flew only two less missions Tuesday than the year's high of 147 April 3. The record for the war so far is 175 missions flown on a November day last year.

The Thai Nguyen steel plant and railroad yards 38 miles north of Hanoi was hit by a task force held ready for the break in the weather. When it came, Air Force F105 Thunderchiefs and F4C Phantoms streaked into the Hanoi-Haiphong-Thai Nguyen triangle which is guarded by an iron ring of radar-controlled antiaircraft guns and Soviet-built surface to air missiles.

While specially equipped planes peeled off to hit the antiaircraft revetments and camouflaged SAM sites, other raiders plunged through a hail of fire over the steel plant and rail yards for 25 minutes.

The Air Force said that despite the intense ground fire, all the U.S. warplanes returned to their bases in Thailand and South Vietnam. Pilots reported the 8-square-mile complex was blanketed by billows of smoke rising 5,000 feet, with yellow secondary explosions erupting beneath the smoke.

Five antiaircraft sites were reported silenced.

Though no losses were reported in the Thai Nguyen raid, the U.S. spokesman announced a U.S. Marine A6 Intruder jet went down over North Vietnam Monday and the two crewmen are missing. It was the 506th U.S. plane reported lost in the air war against North Vietnam.

The raid on Thai Nguyen was the third major attack since the decision was made last month to try to obliterate it. The plant, built with Red Chinese help turns out bridge girders and fuel tanks among other items.

Elementary Talent Contest Here Friday

The following counties are to participate: Howard, Little River, Clark, Nevada, Miller, Sevier, and Hempstead.

Tickets are on sale in the office of the Principal. Pre-tickets sale for students 40 cents, adults 75 cents, Door 50 cents, 75 cents, and \$1.00.

News Director Gets U.S. Job

By THE ASSOCIATED PRESS
LITTLE ROCK (AP) — Bob L. Kemp, news director for a Little Rock television station, was selected Tuesday as public information officer with the state Welfare Department.

Kemp's selection for the \$9,000-a-year post was announced by Welfare Commissioner Len Blaylock. Kemp is a nephew of former Welfare Commissioner A. J. Moss.
